**Instructor Training for Standardized Field Sobriety
Testing (Certified SFST Instructor)**

March 2005

Operator of breath testing instruments since commission date of June 29, 1979. Breath Test Technician since March 2001. Performed regular field operation trooper duties in King and Snohomish counties for 23 years until assigned as permanent Breath Test Technician in Skagit, Whatcom, Island and San Juan counties in August 2002.

CURRENT RESPONSIBILITIES:

Certification, repairs, maintenance and Quality Assurance Procedures on 24 DataMaster instruments in Whatcom, Skagit, Island and San Juan counties. Instruct operators in Basic DataMaster operation and required refresher courses.

Custodian of records relating to DataMaster maintenance and certification of simulator thermometers in simulators assigned to the corresponding DataMasters.

Maintain supplies for DataMaster operation and provide assistance for operators.

Testify in court regarding all duties pertaining to above responsibilities.

Instruct officers, deputies and troopers in the administering of the Standardized Field Sobriety testing procedures and protocol.

Certify Pre-Breath testing devices for Washington State Patrol and Wildlife agents.

Instruct and certify Pre-Breath Test technicians for various agencies in my four county area of responsibility.

Instruct on an as requested basis at the Washington State Criminal Justice Training Center for DataMaster operator Basic training.

Instruct on an as requested basis at the Impaired Driving Section classes for DataMaster Operator Instructors and Breath Test Technicians.

Conduct training for allied agencies (prosecutors, defense attorneys, Department of Licensing, local task force coordinators and traffic safety coordinators) regarding the operation of the breath testing instrument and DUI apprehension related information; including but not limited to, conducting actual "wet" labs.

Conduct 3 and 5 day in-the-field training sessions through the Washington State Criminal Justice Training Center for Basic Standardized Field Sobriety Testing.

Maintain all certifications necessary to perform Field Operations trooper responsibilities, including but not limited to firearms proficiency, emergency vehicle operation, first responder and aid, collision investigation and annual trooper in-service training in firearms, defensive tactics and emergency vehicle driving classes.

Respond to calls for service on an as needed basis to assist local troopers.
